Dear Director McRaith:

We are expanding our target markets to include assisted living facilities and are filing revisions to our Commercial General Liability program adding CGL a coverage endorsement to provide Health Care Providers Professional Liability

These endorsements were previously filed and withdrawn. After discussions with the Department of Insurance, we are resubmitting revised Professional Liability Endorsements.

Refer to the Forms Filing Memorandum for additional information on the new coverage endorsements we wish to make available.

We are also filing revisions to our Commercial General Liability exception pages to add an Additional Rule for this endorsement with corresponding rates and rating rules. Please refer to the attached CGL Rule Filing Memo for Additional Information.

We ask your approval of this filing for policies written on or after 1 October, 2008.

ASSISTED LIVING FACILITIES TARGET MARKET:
HEALTH CARE PROVIDERS PROFESSIONAL LIABILITY

SENTRY INSURANCE A MUTUAL COMPANY

RULE FILING MEMORANDUM

Purpose

We are filing Health Care Provider professional Liability rates and rating factors for use with the forms being filed for our new Assisted Living Facilities target market.

Proposed rates

The rates were developed based on a review of competitor's rate filings and of the Insurance Services Office (ISO) loss costs for their Nursing Home Classifications.

The Increased Limit Factors (ILFs) are based on the ISO Professional Liabilities ILFs for Convalescent or Nursing Homes, rescaled to our 100,000/200,000 basic limit.

The deductible factors are from ISO Professional Liability current rules.

Mr. Homann,

My review of your filing is complete. You are correct about the quarterly payment plan. Unfortunately I get so accustomed to what other insurers file vs. what the regulation actually says. This filing will now be routed for review including actuarial review. This process will most likely take up to six months or more for completion.

Subject: Rate/Rule Filing GL IL0855501F01-R

Mr. Homann,

Upon review of your response dated September 18, 2008, we have the following additional questions:

1. You must offer a payment plan equal to the quarterly payment plan indicated or one that is more favorable to the insured. In comparing the two payment plans, the quarterly plan is more favorable in that by the third month Sentry's plan would have required the insured to have paid more premium up to that point. Therefore, you must offer the quarterly payment plan which can be in addition to the plan offered. The manual page would have to provide such information.

Regarding the payment plan, we would ask your approval as submitted. Based on the requirements of the quarterly payment plan spelled out in your email dated September 9th (item 4) we believe our 10/9 plan to be as favorable as the quarterly plan. Based on the listed requirements, equal payments are not required. Per the approved attributes, the maximum down payment shall not exceed 40% of the annual premium and subsequent quarterly installments would not exceed 30% of the annual premium. It would appear our 10% down with the remainder over 9 equal installments (each 10% of the annual premium) would not result in less favorable treatment than a quarterly plan requiring 40% up front particularly if the remaining quarterly payments are set up with the payment due in month 3 at the maximum allowed 30% with reduced 6 and 9 month payments

2. The Rule Filing Memorandum suggests this coverage may apply to nursing homes. Previous manual pages filed as of December 26, 1995 provided rates for nursing homes. If this rule filing is to eliminate the previous manual reference to nursing homes, the manual pages should clarify the change.

10/1/2008

The old Nursing Home rates are no longer used. Have not written Nursing Home risks for several years. The CGL rates and rules included in this filing would apply to any future Assisted Living Facilities or Nursing Homes written under this program.

I have included an attachment showing all manual pages filed December 26, 1995 as withdrawn. If this is not acceptable and you need me to do a separate filing to withdraw these please let me know.

We request receipt of your response by October 10, 2009.

Apply factors to extended reporting period rates for the selected age. For example, a physician who has a third year claims-made policy and decides to cancel after eight months have elapsed would purchase "tail" coverage at the year 3, eight month factor (0.96), times the rate for year 3 extended coverage.

MISC. MEDICAL PROFESSIONAL RATES

- Physician's or Surgeon's Assistant (80116)
25% of the existing Class 1 rate.
- Certified/Registered Nurse Anesthetist (80960)
20% of the existing rate for Anesthesiology (80151)
CNRAs who indicate that they utilize a pulse oximeter and an end-tidal CO2 analyzer in the administration of anesthesia will be rated at 10% of the existing rate for Anesthesiology (80151).
- Emergency Medicine -- Part-Time
If a class 1 physician works in the emergency room 15% or less of his or her annually scheduled practice time, no increase in rate will apply.
Any class 1 physician working 16% to 50% of his/her scheduled practice time in the emergency room will retain a class 1 categorization; however, such a physician's rate will be surcharged 50 percent of the rate for Emergency Medicine (80102).
- Partnership, Professional Corporation or Professional Association
Professional corporations, associations or partnerships may receive a primary policy at the option of the insured at a 10 percent charge that is based on the total premium charge for the individual insured health care providers of the entity, provided that the Company insures all principals and employed physicians as individuals. The covered entity will receive a separate set of limits for the 10 percent charge.
- Employed Physician's or Surgeon's Assistant (Vicarious Liability) (80129)
12.5% of the existing Class I occurrence rate.
- Employed or Full-Time Contract Physicians (Vicarious Liability) (80177)
12.5% of the occurrence rate applicable for the self-employed physician.

Gayle. Here are the responses to your objections.

Subject: Rate/Rule Filing GL IL0855501F01-R

Mr. Homann,

We are in receipt of the above referenced filing submitted by letter dated August 8, 2008. We have separated the filing into two sections - one for forms, and the other for rate/rule. We added "-R" to this filing number for the rate/rule material to be reviewed.

The submission is not acceptable for filing in Illinois due to the following issue(s):

1. 215 ILCS 5/155.18 states it shall be certified in this filing by an officer of the company and a qualified actuary that the company's rates are based on sound actuarial principles and are not inconsistent with the company's experience. This information is required in every rate/rule filing for medical malpractice.
 Please see certification form attached above.

2. Please indicate if your company has a plan for the gathering of statistics or the reporting of statistics to statistical agencies? If yes, what stat agency is being used?

We will be reporting the statistics to ISO under the Medical Professional Module of the Commercial Statistical Plan according to detailed instructions provided to us for the data elements required.

3. In addition to the free extended reporting period, the manual should indicate if expiring limits are reinstated or not.

Revised rule pages included as attachment above. See revised page CG-IL-3.

4. All companies writing medical liability insurance shall file with the Secretary or Director a plan to offer each medical liability insured the option to make premium payments, in at least quarterly installments. For purposes of this requirement, insurers may, but are not required to, offer such premium installment plans to insureds whose annual premiums are less than \$500, or for premium for any extension of a reporting period. Quarterly installment premium payment plans subject to this Section shall be included in the initial offer of the policy, or in the first policy renewal occurring after January 1, 2006. Thereafter, the insurer may, but need not re-offer such payment plan, but if an insured requests such payment plan at a later date, the insurer must make it available. All quarterly installment premium payment plan provisions shall be contained in the filed rate and/or rule manual in a section entitled, "Quarterly Installment Option" or a substantially similar title. If the company uses a substantially similar title, the Rule Submission Letter must indicate the name of the section that complies with this requirement. All quarterly installment premium payment plans shall include the minimum standards listed below. Insurers may provide for quarterly installment premium payment plans that differ from these minimum standards, as long as such plans have terms that are at least as or more favorable than those listed below.

Revised rule pages included as an attachment above. See CG-IL-5. A 10/9 Premium Payment Plan will be available for this coverage. Instead of a down payment and 3

9/19/2008

quarterly payments(3rd, 6th & 9 months from inception), we will require a down payment and 9 installments due the first through the 9th months of the policy period. (Actual payment time is the same, however, smaller monthly payments in lieu of quarterly payments).

- i) An initial payment of no more than 40% of the estimated total premium due at policy inception;
- ii) The remaining premium spread equally among the second, third, and fourth installments, with the maximum for such installments set at 30% of the estimated total premium, and due 3, 6, and 9 months from policy inception, respectively;
- iii) No interest charges;
- iv) Installment charges or fees of no more than 1% of the total premium or \$25.00, whichever is less;
- v) A provision stating that additional premium resulting from changes to the policy shall be spread equally over the remaining installments, if any. If there are no remaining installments, additional premium resulting from changes to a policy may be billed immediately as a separate transaction.

5. Are there any territorial restrictions/definitions such as by county?

Company rates are state wide. Our guidelines at this time would allow us to write facilities with locations in all counties except Cook, Madison and St. Clair. Important to note this is a guideline and not a rule. We may make exceptions to this and the guide may change at some point in the future.

We request receipt of your response by no later than September 23, 2008.

Attached are several exhibits further detailing our analysis in selecting professional liability rates.

Exhibit A is Insurance Expense Exhibit data for Sentry Insurance.

Exhibit B is from a Church Mutual general liability filing detailing their expenses and expected loss ratio. While overall expense loads including profit and contingencies are arrived at with slightly different numbers, the end result is very similar.

Exhibit C is a derivation of ISO rates using ISO nursing care loss costs and Sentry's expense LCM. The rates are similar to the final selected rates for Illinois.

Exhibit D outlines the competitor rates that were available to us and the ISO relativities across our selected pilot states. The second page lists the relativities by classification for competition and selected Sentry relativities.

Exhibit D points out the inherent difficulty in selecting rates based on competition for commercial lines business.

1. The range of available rates is quite broad between different competitors.
2. Competitors classify risks differently using various definitions. The definitions are not available to us as these would be in underwriting guides that are not filed.
3. Schedule and experience rating may or may not apply.
4. ISO provides one classification that includes skilled nursing facilities. Skilled nursing is not our target market. Sentry and the competition recognize there are different classes of risk within the assisted living marketplace.

An explicit adjustment for an expense differential would only shift the available range of rates up or down slightly. The shift was deemed immaterial given the list of differences provided above. While each of the difficulties and differences adds an element of risk, Sentry is mitigating this risk by several means.

1. Our underwriting team spoke to several assisted living facilities and visited several as well to develop claim and product knowledge.
2. We market through direct writers. The product is not available to independent agents or managing general agents. This provides us with greater control over business placed on our books.
3. Each quote is reviewed by a team of underwriters, loss control specialists, and pricing and product development staff.
4. Sentry selected a limited number of states to pilot our entrance into the assisted living market. Illinois is one of the selected states. One reason for this approach is to gain market intelligence as to the competitiveness of our product as well as expected profitability.
5. Sentry's financial strength and surplus position stand behind our entrance into the market.

Sentry is entering the assisted living market. A balanced review of the available competitive data along with ISO information was used to provide a competitive rate that is fair, adequate, and not unfairly discriminatory. We did not target one specific competitor. As we build a credible book of business, our internal data will allow us to further refine our pricing levels and product offering. Until we build a book of business, we have limited information available to us. Our quote activity in other pilot states has

confirmed our rates are in the range of reasonableness. Sentry is neither too high nor too low as compared to the competition.

Regarding our extended re porting coverage, a liability will be accrued as a loss reserve. No part of this liability will be reported as relating to death, disability, and retirement in the Schedule P Interrogatories.

ADDITIONAL RULE - HEALTH CARE PROVIDERS PROFESSIONAL LIABILITY COVERAGE

A. DESCRIPTION OF COVERAGE

Health Care Providers Professional Liability Coverage CG 70 22 (occurrence based coverage) or CG 70 23 for claims made coverage.

These endorsements will extend the CGL coverage form to add coverage for injury arising out of a professional health care incident. Coverage will be subject to each incident and annual aggregate limits of insurance shown in the endorsement Schedule or Declarations. Coverage may be written subject to a specified deductible.

Coverage may be provided on an occurrence or claims made basis.

If provided on a claims made basis, coverage is subject to an automatic (no additional premium for the extension will be charged) extended reporting period of 5 years in the event:

- The coverage is cancelled or not renewed for any reason;
- The retroactive date is advanced; or
- Coverage is replaced with coverage that applies on an other than claims made basis.

Additional extended reporting period options are not available.

B. PREMIUM DETERMINATION

Health Care Providers Professional Liability Coverage

Basic limits full coverage (no deductible) premium will be calculated using a basic limits (no deductible) rate per bed, based on risk type and coverage class code from the following table:

Class Description and Class Code	Basic Limits Rate Per Bed
For Profit Facilities	
Independent Living - Class Code 32003	\$19.17
Assisted Living - Class Code 32002	80.50
Memory Care - Class Code 32001	287.50
Nursing or Skilled Care - Class Code 32000	383.33
Not For Profit Facilities	
Independent Living - Class Code 32053	\$16.67
Assisted Living - Class Code 32052	70.00
Memory Care - Class Code 32051	250.00
Nursing or Skilled Care - Class Code 32050	333.33

**COMMERCIAL LINES MANUAL
DIVISION SIX - GENERAL LIABILITY
EXCEPTION PAGE**

ILLINOIS (12)

Basic Limits reflect a \$100,000 Each Incident and \$200,000 Aggregate limits. For increased limits, use the following table. Use interpolation for limit options not shown.

Aggregate (thousands)	Each Incident (thousands)				
	\$100	\$300	\$500	\$1,000	\$2,000
\$200	1.00				
\$300	1.01	1.27			
\$500		1.42	1.57		
\$900		1.55			
\$1,000			1.81	2.05	
\$1,500			1.88	2.22	
\$2,000				2.30	2.56
\$3,000				2.35	2.70
\$6,000					2.77

For coverage written on a deductible basis, the rate reduction will be calculated using a modified increased limits factor. The modified increased limits factor will be the full limits increased limits factor (from the table above or interpolation for limit options not shown) minus the deductible factor from the following table:

Deductible Amount	Deductible Factor
250	0.001
500	0.002
750	0.004
1,000	0.005
2,000	0.009

25,000	0.101
50,000	0.187
75,000	0.261
100,000	0.327

For larger deductibles, refer to company for rating. For deductible options not shown, use interpolation to calculate the deductible factor.

For coverage written on a claims made basis, the following factors will also apply, based on years in claims made, or number of years from applicable retro active date:

Years In Claims Made (from retro active date)	Claims made factor
1st year	0.96
2nd year	0.98
